DIYORBEK YULDASHOV

+998 97 374 11 77 | diyorbekplus@gmail.com | Turtkul, Karakalpakstan

Summary

As a React developer, I build responsive and functional websites and web-applications using React.js. I have completed several online courses and projects on front-end development and design. I have a keen eye for design and usability, and I enjoy creating exciting user interfaces that are intuitive and engaging.
